

MASSEY FERGUSON

MF 1500 & MF 1700 M

20-67 HP

**STRAIGHTFORWARD & DEPENDABLE
COMPACT TRACTORS**

MF 1500 & MF 1700 M

Want high levels of performance from a more compact machine?

If the answer is yes and your requirement is for a tractor that is compact and consistently hardworking, then these tractors are for you.

Capable of handling a wide range of tasks – groundcare, municipal work and many farming operations – the MF 1500 and MF 1700 M are built to the same uncompromising standards as Massey Ferguson’s larger tractors.

All seven models from 20 to 67 hp comes with four-wheel drive as standard with PTO options, plus a choice of hydrostatic or mechanical transmissions. In the MF 1700 M you can select a quiet cab or a platform model, making these

tractors the ideal choice for smaller farming operations and many other municipality activities.

Operating with smooth efficiency in confined spaces, low buildings and areas with restricted access, the MF 1500 and MF 1700 M Series are equally at home in the field with implements, on the road in transport mode or expertly mowing a golf course with care and precision.

Massey Ferguson ensures that these machines are designed and built to the very highest quality standards, offering the customer maximum efficiency, reliability and comfort.

YOUR COMPACT TRACTOR AT A GLANCE

Unrivalled build quality and engineering excellence combine to ensure that these tractors provide years of reliability.

In addition to a high level of standard equipment, all models come with a range of additional features to further enhance the specification and meet the needs of the specialist user.

Low running costs, ease of maintenance and high residual value are all part of Massey Ferguson ownership.

Talk to your local dealer to find out how the MF 1500 and MF 1700 M Series could benefit your business.

**WITH SEVEN MODELS TO CHOOSE FROM,
THIS IS ONE OF THE BEST CHOICES THAT YOU WILL MAKE.**

	MF 1520	MF 1525	MF 1735 M	MF 1740 M	MF 1750 M	MF 1755 M	MF 1765 M
Engine	3cyl / 1.1 L Stage V	3 cyl / 1.5 L Stage V	3 cylinder / 1.8 L Stage V		4 cylinder / 2.4 L Stage V		
Foldable ROPS / Cab	ROPS		Cab/ROPS		Cab		Cab/ROPS
Transmission	Mechanical (8Fx8R)	3 range hydrostatic (HST)				Mechanical (12Fx12R)	Mechanical (12Fx12R) and HST
Max power (hp)	20	25	35	40	49	54	67
Max torque (Nm)	63	76	110	125	140	188	200
Lift capacity (kg)	600		1,200		1,580		HST: 1,580 Mech.: 1,600

Low operating costs

- ▶ Easy access for daily maintenance
- ▶ MF Care repair and maintenance contract schemes

Efficient drive-lines bring higher productivity

- ▶ Powerful, fuel-efficient and highly reliable engines: 20 hp - 67 hp
- ▶ Available with a choice of transmissions for a more precise and fuel efficient operation: mechanical or hydrostatic

Ultimate comfort for a more productive working day

- ▶ Mid-mounted, forward-folding or rear ROPS – low folded position enhances access and minimises crop damage
- ▶ Spacious, factory-fitted cabs (available on some models) for additional comfort
- ▶ Ergonomic, colour-coded controls
- ▶ Wide choice of tyres for different applications: ag, turf and mixed-service

Ability to work faster with the most demanding implements

- ▶ Draft control and top-link sensing for accurate control of plough or implement depth
- ▶ Independent rear PTO on all models. With additional mid-mounted PTO as standard on hydrostatic models for multiple operations
- ▶ All models are 4-wheel drive with a range of hydraulic and PTO options to work with a wide range of implements, increasing versatility
- ▶ Selectable 4-wheel drive with rear differential lock

A TRULY COMPACT TRACTOR

TO SUIT YOUR
INDIVIDUAL NEEDS

SOMETIMES, IT'S THE SMALL DETAILS
THAT MAKE THE BIG DIFFERENCE.

MF 1520

THE PERFECT CHOICE FOR SMALL-SCALE FARMING OPERATIONS WHICH REQUIRE A MORE COMPACT AND VERSATILE TRACTOR.

Also ideal for equine businesses and within the municipal sector where a sturdy, easy-to-use machine is needed to complete everyday tasks.

20 horsepower
28 litre fuel tank capacity
Mechanical transmission - 8x8
Mechanical PTO engagement
Mid-mounted, forward-folding ROPS
Auxiliary spool valve to the rear
Spacious, comfortable operator area with user-friendly controls
Rear view mirrors on both sides
Switch for beacon light
Hand grips and footstep for easy access

MF 1525

IDEAL FOR USE ON GOLF COURSES, AROUND PUBLIC AMENITIES AND ACADEMIC BUILDINGS AS WELL AS MANAGED ESTATES.

Already well-received within the municipal, equine and leisure industries, the MF 1525 is proving to be the experts' choice for estate management and groundcare.

25 horsepower
28 litre fuel tank capacity
Hydrostatic transmission (HST)
Mid PTO as standard
Electro-hydraulic PTO engagement
Rear-mounted, folding ROPS
Two auxiliary spool valves to the rear
Spacious, comfortable operator area with user-friendly controls
Rear view mirrors on both sides
Switch for beacon light
Hand grips and footstep for easy access
Mower deck available

MF 1735 M

AN EXCELLENT CHOICE FOR GROUND CARE AND AGRICULTURAL PROFESSIONALS.

The MF 1735 M performs superbly as both a groundcare machine and as a specialised farm tractor.

35 horsepower
36 litre fuel tank capacity
Hydrostatic transmission
Electro-hydraulic PTO engagement
Mid PTO as standard
Rear-mounted, folding ROPS
New cab provides drivers with a quiet environment
Two auxiliary spool valves to the rear
Two mid-mounted spool valves on cab version
Rear fender-mounted PTO switch
Rear view mirrors on both sides
Switch for beacon light
Hand grips and footstep for easy access
Optional front linkage & front PTO
Mower deck available

MF 1740 M

RELIABLE, ROBUST AND VERY VERSATILE.

The MF 1740 M offers you the balanced package and with a powerful engine, this tractor delivers excellent performance.

40 horsepower
36 litre fuel tank capacity
Hydrostatic transmission
Electro-hydraulic PTO engagement
Mid PTO as standard
New cab offers drivers a quiet environment
Rear-mounted, folding ROPS
Two auxiliary spool valves to the rear
Rear fender-mounted PTO switch
Two mid-mounted spool valves on cab version
Rear view mirrors on both sides
Switch for beacon light
Hand grips and footstep for easy access
Optional front linkage & front PTO
Mower deck available

MF 1750 M

EVERYTHING YOU REQUIRE IN A COMPACT TRACTOR with the advantage of a powerful engine, comfortable cab and Hydrostatic transmission for a wide range of operations.

49 horsepower
53 litre fuel tank capacity
Hydrostatic transmission
Electro-hydraulic PTO engagement
Mid PTO as standard
New cab offers drivers a quiet environment
Two auxiliary spool valves to the rear
Rear fender-mounted PTO switch
Two mid-mounted spool valves
Rear view mirrors on both sides
Switch for beacon light
Hand grips and footstep for easy access

MF 1755 M

OFFERS THE HIGHEST LEVEL OF PERFORMANCE, RELIABILITY AND COMFORT AND CAN BE USED FOR A WIDE RANGE OF TASKS WITH EASE.

54 horsepower
53 litre fuel tank capacity
Mechanical transmission 12x12
Electro-hydraulic PTO engagement
Mid PTO as standard
New cab offers drivers a quiet environment
Two auxiliary spool valves to the rear
Rear fender-mounted PTO switch
Two mid-mounted spool valves
Rear view mirrors on both sides
Switch for beacon light
Hand grips and footstep for easy access

MF 1765 M

EVERYTHING YOU WANT IN A COMPACT TRACTOR, with the advantage of its engine, optional cab and a choice of transmissions for a range of applications.

67 horsepower
53 litre fuel tank capacity
Choice of two transmissions - mechanical 12x12 or hydrostatic
Electro-hydraulic PTO engagement
Mid PTO as standard (cab version)
New cab offers drivers a quiet environment
Rear mounted ROPS (mechanical version)
Two mid-mounted spool valves
Two auxiliary spool valves to the rear
Rear fender-mounted PTO switch
Rear view mirrors on both sides
Switch for beacon light
Hand grips and footstep for easy access

Ideal for farming

Ideal for groundcare

THE CAB

Built for Driver Comfort

Available in the MF 1700 M series, the cab is a place you can sit and reap the benefits when days go on and on, in a very productive environment that blends comfort, quietness, ease of use and quality.

Operators will find all the controls easily fall to hand, with an adjustable steering

column ensuring they can always sit in the most comfortable position. This modern design also provides a heated rear window, two USB sockets, a 12V charger port and even a specific holder for your mobile phone*. It's also 'radio ready', coming equipped with speakers.

*Depending on models

THE OPERATORS' ENVIRONMENT

The driving position, tapering bonnet and horizontal exhaust combine to provide excellent visibility. All models are fitted with road lighting and LED working lights as standard on cab models to allow urgent tasks to be completed after dark.

Rear view mirrors on both sides further enhance the driver's visibility and the beacon light can be easily activated by the press of a switch.

The spacious operator's platform features a semi-flat floor with easy access from both sides, aided by two hand grips and a footstep. Fully adjustable seats allow the operator to set the perfect driving position for maximum comfort.

Platform models have foldable ROPS protection as standard and come equipped with operator controls to the same standard as those with cabs.

2 SPECIFICATIONS

Well positioned hand throttle lever

Easy and safe access with hand grips and a footstep

Handy controls to set and activate the engine speed

More comfort with the tiltable steering column and the right hand-side hydraulic joystick for easy and accurate implement control

Colour coded levers make operations fast and easy

Electro-hydraulic shuttle lever on MF 1700 M models to improve comfort

EASY ACCESS from both sides with foldable rear ROPS

Features may differ depending on model. Ask your MF Dealer for more details.

BUILT FOR EFFICIENCY & SUSTAINABILITY

MF 1500 & MF 1700 M WITH RELIABLE AND ECONOMICAL STAGE V ENGINES

To meet the strict Stage V engine emission standards, the common-rail engine on the MF 1700 M range is fitted with after-treatment, offering automatic regeneration and containing all the components in one compact unit, which is mounted under the bonnet with no impact on visibility.

MF 1500 and MF 1700 M models are powered by fuel-efficient, 3 and 4 cylinder engines. Their torque characteristics have been specifically designed to achieve optimum productivity and simple operation.

Ease of access for servicing and maintenance is assured, thanks to the one-piece lift-up bonnet.

All tractors in the range are equipped with selectable 4-wheel drive for improved traction and manoeuvrability.

A high capacity three-point linkage is standard on all MF 1500 and MF 1700 M models and, with lift capacities up to 1600 kg, there's plenty of power to handle a host of applications.

WIDE CHOICE OF TYRES FOR DIFFERENT APPLICATIONS

AGRI TYRES

TURF TYRES

MIXED SERVICES TYRES

BUILT FOR PERFORMANCE

WHETHER YOU RUN A SMALLHOLDING, FARM, GROUNDSCAPE OR CONTRACTING BUSINESS, YOU CAN BE ASSURED THE MF 1500 & MF 1700 M SERIES WILL HELP YOU DELIVER THE BEST QUALITY STANDARDS WITH HIGH LEVELS OF EFFICIENCY, PERFORMANCE AND RELIABILITY.

HYDROSTATIC TRANSMISSION

The three-range Hydrostatic transmission combines high productivity with ease of use. Operation is by a single floor pedal, with direction changes made using a shuttle lever by the steering wheel.

Cruise control further eases operation, allowing operators to save the current speed with the flick of a switch when the tractor is moving. One cruise speed memory can be stored to quickly reach the working speed.

It is disengaged simply by pressing the cruise switch or brake pedal.

This useful feature helps operators maintain maximum productivity with ease. It also allows them to concentrate on improving the quality of work by focusing attention on implement settings, height and steering.

The MF 1525 uses a double pedal control with one for each driving direction, allowing clutch-less driving for more comfort.

Easy operation with the Cruise Control

MECHANICAL TRANSMISSION

The MF 1700 M tractors fitted with 12x12 mechanical transmission offers four gears in three ranges, which are changed by levers mounted conveniently alongside the seat.

Direction changes are made simply using the shuttle lever, located below the steering wheel on the left-hand side.

The result is maximum performance and fuel economy thanks to well proven efficient components, making it the perfect transmission for agricultural applications.

The MF 1520 comes with a 8x8 mechanical transmission delivering reliability and simplicity of operation.

Mechanical transmission with Power Shuttle on the MF 1700 M-12Fx12R speeds for maximum comfort for each application.

BUILT FOR VERSATILITY

MF COMPACT TRACTORS OFFER DIFFERENT OPTIONS TO MEET CUSTOMER NEEDS AND OPERATE A WIDE RANGE OF IMPLEMENTS

MID AND REAR PTO POWER

To make the most of such a wide range of accessories, all MF 1500 and MF 1700 M tractors are equipped with either a mechanical or electro-hydraulic PTO engagement. The rear PTO is very easy to use and provides 540 or 540 Eco rpm speeds.

The mid-mounted PTO generates up to 2000 rpm, which makes it ideal for when a high quality finish is required from mowing decks.

With electro-hydraulic PTO engagement, a Soft Start function allows a gentle take-up of the

PTO drive for high inertia loads or a quicker take-up for lighter loads, helping to protect both tractor and implement.

A rear fender-mounted PTO switch enables customers to use the automatic PTO for stationary tasks such as wood chipping.

Automatic mode:

The PTO clutch has slow engagement and a low initial rise in pressure. The PTO rotates while travelling forward and stops rotating while travelling backwards or when the tractor stops.

FRONT LINKAGE AND FRONT PTO

As versatility is a key point of these tractors, the front linkage and front PTO are available as an option on the MF 1735 M and MF 1740 M models with perfect integration into the tractor chassis, without impact on visibility, maintaining the good maneuverability of the tractor.

THE IDEAL COMPACT AGRICULTURAL TRACTOR

MF 1500 & MF 1700 M SERIES TRACTORS HAVE A RANGE OF KEY FEATURES, SPECIFICATIONS AND CAPABILITIES THAT MAKE THEM THE ESSENTIAL COMPACT WORKHORSE ON MANY SMALLER LIVESTOCK/ARABLE OPERATIONS – AND AGRI-BUSINESSES IN GENERAL.

Rugged power from the engine, high-performance transmission, maximum productivity from the hydraulics and excellent lift capacity combine to create a versatile and hardworking compact machine that will meet your precise requirements.

Models* from 20 to 67 hp with powerful, fuel-efficient engines

- ▶ 8 or 12 speed transmissions
- ▶ Ergonomic shuttle lever
- ▶ 2 PTO speeds: 540 and 540 Eco. Reduces engine speed and fuel consumption
- ▶ Cat 1 three-point linkage with position control
- ▶ Up to 48 litre/minute hydraulic flow capacity for a wide range of applications
- ▶ Up to 2 rear spool valves for implement connections
- ▶ Selectable 4-wheel drive and rear differential lock for rough terrain
- ▶ Optional factory fitted cab with reduced noise level offering drivers a quiet environment
- ▶ Rear view mirrors on both sides for improved visibility
- ▶ Hand grips and footstep for easy and safe access
- ▶ Wide choice of tyres for different applications

*Features may differ depending on model. See specification pages for more details.

GROUND CARE APPLICATIONS

DESIGNED FOR HARD GRAFT, THE MF 1500 & MF 1700 M SERIES ON TURF TYRES IS A SERIOUS PIECE OF MACHINERY. No matter what the job, these tractors have been designed to ensure maximum output every day. Each model boasts a robust chassis, powerful, fuel efficient engine and rugged, highly responsive transmission.

For further choice and versatility, the compact tractor series has a range of key features and capabilities dedicated to the horticultural and municipal sectors. Not only do they get the job done with reliable efficiency, they also give your business a professional edge.

MOWER DECK

EASY AND QUICK MOWER DECK CONNECTION

A new, improved 152 cm wide mower deck is equipped with three blades and offers cutting heights from 20 mm to 115 mm, adjustable in eight steps from the seat, as well as up to 150 mm of ground clearance.

The Mower Deck Override system makes fitting and removal easy with the tractor able to simply drive onto and over the deck.*

*Available on MF 1735 M and MF 1740 M.

Models* from 25 to 67 hp with powerful, fuel-efficient engines

- ▶ Rugged and highly efficient hydrostatic transmissions with three ranges
- ▶ Superior hydrostatic transmission setting: Maximum speed, cruise control and reactivity (MF 1700 M HST)
- ▶ Mid PTO is standard on all models. A switch on the right console enables easy and comfortable operation
- ▶ Independent 540 and 540 ECO rear PTO speeds
- ▶ Optional factory fitted cab with reduced noise level offering drivers a quiet environment
- ▶ Simple and precise rear linkage operation
- ▶ Up to 48 litre/minute hydraulic flow capacity for a wide range of applications
- ▶ Independent PTO with Soft Start function for gentle take-up of high inertia loads
- ▶ Rear fender-mounted PTO switch for any stationary PTO work e.g. wood chipping
- ▶ Rear view mirrors on both sides for improved visibility
- ▶ Switch & wiring for beacon light as standard
- ▶ Wide choice of tyres for different applications
- ▶ Wide choice of mower decks

*Features may differ depending on model. See specification pages for more details.

PARTS & SERVICE

IT'S ALL ABOUT A LIFETIME OF SUPPORT

Buying, owning and maintaining farm machinery can be complex, so having absolute peace of mind that you have great back-up and support is a hugely important consideration. As a Massey Ferguson customer you are assured of personalised, responsive and friendly support from our network of expert dealers who truly understand your business.

There's no cut-off time for Parts and Service because a machine may be out of service. We're available to you throughout your ownership of your Massey Ferguson machine.

We take great pride and responsibility in every machine we sell and we make it our mission to keep your machinery running reliably, every time you turn the key.

“ I want daily maintenance to be quick and easy so I can have more free time ”

THE MF 1500 AND MF 1700 M HAVE BEEN DESIGNED TO PROVIDE FAST, STRAIGHTFORWARD, EASY AND COST-EFFECTIVE ROUTINE MAINTENANCE.

We have combined practicality with style to ensure daily maintenance is speedy, straightforward and simple, taking the stress out of maintaining your tractor, getting you to the field earlier for greater productivity and giving you some free time. With a Massey Ferguson MF 1500 and MF 1700 M Series tractor, time spent in the yard preparing for the day ahead is kept to a minimum.

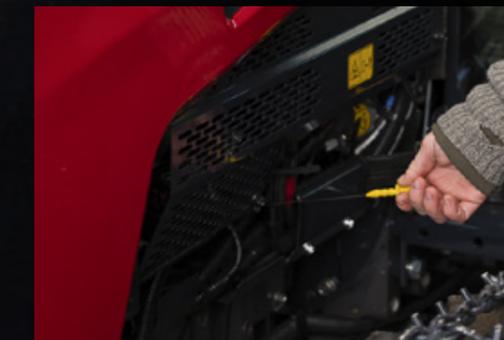

OPTIONS & ACCESSORIES

Today's farming demands machinery that is optimised to your business. Designed to tailor your Massey Ferguson machine to your needs, we offer a wide range of options and accessories like seat upgrades for more comfort.

Everything we offer has been scrutinised by our engineers from all perspectives – optimum compatibility with your machine, safety, durability and performance. You'll get expert service from your Massey Ferguson dealer who has all the necessary installation tools and knowledge at their fingertips.

Easy bonnet opening.

Simple and quick access for routine maintenance.

The waisted bonnet and front axle design ensures comfortable access to the engine.

The well proportioned cooling package is easy to access, clean and maintain. The engine air filter is also very easy to access and clean.

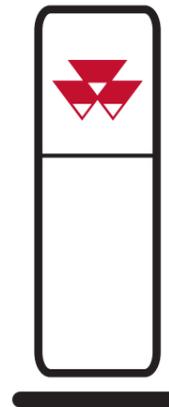

MFservices

ALWAYS BY YOUR SIDE TO INCREASE YOUR **PROFIT AND EFFICIENCY**

WELCOME TO MF SERVICES – EVERYTHING YOU NEED TO SUPPORT THE OPERATION OF YOUR MF 1500 & MF 1700 M TRACTOR.

Accessible and adaptable, MF Services will help you control running costs, budgeting and business planning - ensuring each machine's operating hour is a success and giving you the freedom to focus fully on the core business of farming.

This comprehensive suite of service-related products makes it easier than ever to own and operate Massey Ferguson farm equipment.

MASSEY FERGUSON DEALER NETWORK

Your MF Dealer represents the best farm machines expertise in your area. You can always turn to your dealer and receive the best service from sales, maintenance, repair and spare parts to the purchase of a new piece of equipment.

MORE THAN 4,700 SERVICE & REPAIR POINTS WORLDWIDE

MASSEY FERGUSON GENUINE PARTS

REPRESENTS THE BEST GUARANTEE OF SAFEGUARDING THE VALUE OF YOUR NEW MF 1500 AND MF 1700 M OVER TIME, PROTECTING IT FROM UNPLANNED DOWNTIME.

Choose from an extensive range of accessories including lubricants, AdBlue, care kits, cab accessories and much more. All accessories are available for purchase exclusively from your MF Dealer.

Using the smartphone app "AGCO Parts Books to go", you can find MF spare parts quickly and easily and order them directly. The app is available for download in the App Store and in the Google Play Store. Your personal access data is available from your MF Dealer.

AGCO FINANCE

PROVIDES THE PERFECT FINANCING ARRANGEMENT FOR YOUR BUSINESS.

AGCO Finance is the integrated financial services arm of Massey Ferguson offering tailor-made solutions to your own farm, which includes Leasing, Loan facilities, Hire purchase, Full service packages and Contract hire including the financing of MF Care extended warranty contracts.

MASSEY FERGUSON COLLECTION

NOW YOU CAN LOOK AS STYLISH AS YOUR MASSEY FERGUSON.

Looking for a cap to match your MF 1500 or MF 1700 M or a stylish and durable overall to keep working? We have an exclusive range of high quality products to suit you, your farming activity, your family and your lifestyle.
